Dear Mr. Wegrzyn:

The U.S. Department of Energy (DOE) is hereby transmitting copies of two documents concerning the Operable Unit 1 (881 Hillside) Interim Measure/Interim Remedial Action. The first document is entitled "Final Interim Measure/Interim Remedial Action, French Drain Monitoring Plan, 881 Hillside, (Operable Unit 1), dated April 13, 1992. This document is being submitted to EPA and CDH as requested in a March 26, 1992 meeting. You will note that this is a final document due to EPA and CDH on April 13, 1992. This document lays out the rationale for stopping the French drain construction 500 feet short of the original design and the mitigating efforts that will be taken.

The second document is entitled "Draft Fish and Wildlife Coordination Act, Migratory Bird Treaty Act, Endangered Species Act, Compliance, 881 Hillside French Drain (881-HFD) Project, Draft Habitat Mitigation Plan," dated April 1992.

We are providing these documents in an effort to seek coordination and cooperation with the Natural Resource Trustees as required by CERCLA Section 104 (b) (2). We are requesting that any comments on the mitigation plan be forwarded to us by April 30, 1992.

If you have any questions, please contact either Richard Schassburger at 966-4888 or Scott Grace at 966-7199.

Sincerely,

Frazer R. Lockhart  
Director  
Environmental Restoration Division
